

Market America's NON-PROFIT Organization Program

Your supporters earn  **Cashback** shopping for products they're currently buying from their favorite online stores, while your non-profit earns royalties.

Fundraising substantially challenges non-profit organizations more and more every day. Federal, state and local agencies are not committing as many resources to funding non-profits. Supporters are finding it harder and harder to contribute anything more than their time. There must be an answer.

The Market America Non-Profit Organization Program is a free program that helps you and your non-profit create an additional funding source. Your non-profit receives a fully e-commerce enabled website with access to millions of products and thousands of brand-named stores. Your supporters do not have to change their buying habits. They sign in at your website and shop at their favorite stores. They save money, get access to exclusive deals, earn Cashback on qualified purchases, and your non-profit receives weekly and monthly royalties based on your supporters' purchases.
